

Key Strengths

- ✓ Fifteen years professional work experience in the field of sustainable development
- ✓ Strategic thinker with focus on planning, assessments, engagement and research
- ✓ Facilitator, trainer and public speaker for groups, collaborative teams and cross-cultural networks
- ✓ Proven ability to excel and manage others in unpredictable, deadline-driven environments
- ✓ Outstanding interpersonal, networking and diplomatic skills

Consulting and Employment Summary

Asian Development Bank January 2014-July 2016

- Knowledge management specialist for capacity building project with four national centers (Bangladesh, India, Nepal and Sri Lanka) to generate and apply knowledge to urban development according to principles of sustainable development and to influence policy and decision-makers in this direction.
- Responsibilities including strategic planning support to centres and ADB, ongoing liaising with centres including monitoring and learning, technical review for knowledge products and ongoing training
- Field-work in South Asia (Sri Lanka, India, Nepal).
- Workshop design and facilitation of associated events of the knowledge hub (i.e. Sanitation workshop, Manila, May 2014)

International Institute for Sustainable Development (www.iisd.org) June 2007 – Present

- Appointed as *Associate* working with the Impact Network Group as of 2013. As needed, I will contribute to helping others “Do Good, Better” in sustainable development communications, networks, partnerships, peer learning, organizational performance improvement and assessment of sustainable development outcomes and impacts.
- Contributing author to IISD published report: *Performance Improvement and Assessment of Collaboration: Starting points for networks and communities of practice (2012)*
- Writing on knowledge management including contributor to international paper on learning and knowledge sharing for local ecosystem development initiatives (IISD in collaboration with IIED and UNDP) and internal papers on communities of practice and networks. (2010-2012)
- Consultant to the *Asian Development Bank (ADB)* to design guidelines for knowledge partnerships (2010)
- Consultant to *United Nations Development Program*, Energy and Environment unit, New York (USA), to develop an online community for collaboration on climate change mitigation and adaptation (2009)
- Consultant to the *International Fund for Agricultural Development (IFAD)* based in Rome to evaluate a knowledge network they coordinate in West Africa. Field work in Senegal, Ghana and Benin (2007)
- Consultant to the *International Forum for Rural Transport and Development (IFRTD)* based in London (UK) to contribute to a capacity assessment of their global transportation network. Focus on Asia and West and Central Africa with field work in Vietnam (2007-8)

International Centre for Integrated Mountain Development (ICIMOD) February-June 2014, Jan-March 2015

- Participatory design, facilitation of preparatory meetings of the hosting team, and facilitation of the International Symposium on Glaciology in High Mountain Asia in Kathmandu (1-6 March 2015). Key elements include participatory and innovative agenda, community engagement, learning and sense making of scientific content as a legacy.
- Design and facilitation for all-staff meeting (250 people) on organizational values (May 2014)

Columbia Basin Trust (www.cbt.org) May 2007-December 2013

- Meeting design, facilitation guidance and coaching, and report writing for strategic meeting of newly formed advisory group on Energy in the Columbia Basin (October-December 2013)
- Strategic planning and design of new department titled: Special Initiatives (October 2012-June 2013)
- Research and writing of background papers for the Columbia River Treaty Local Governments’ committee (October 2012-April 2013)
- Assessment of flagship initiatives for water program (Dec 2012-April 2013)
- Facilitation training for Youth Advisory Committee (November 2012)
- Design of engaging 2-day WaterSmart Conference for local governments (July 2012)
- Design, coordination and assessment of a project to increase Basin residents’ knowledge of the international transboundary Columbia River Treaty and potential for renewal. My role was to design, deliver

and monitor a region-wide knowledge sharing and engagement process along with dozens of knowledge products. (Jan 2011-June 2012)

- Coordinator of complex regional climate change adaptation planning initiative resulting in five community adaptation plans and a learning network of twenty-two local governments (October 2007-May 2011), ongoing advising and project support (June 2011-June 2012)
- Facilitator for two regional symposiums: *Shaping our Future Together* (2010) and *Change and Sustainability in the Columbia Basin* (2007)
- Participatory meeting design and facilitation for water and environment consultants (April 2009)
- Canadian Columbia River Forum organizational study and Forum reporting (2007&2008)
- Communications source book for CBT staff, board members and partners to communicate the essence of the Water Initiatives Strategy and related interventions taken by the organization (October 2007)

UN World Food Programme

December 2013

- Author/editor of several publications including case studies, brochures, guidance manual and donor report for WFP-Nepal Country Office.

Teck Metals Ltd (www.teck.com)

July 2008-March 2009, October – December 2013

- Social Impact Assessment for Trail Operations (baseline, impact assessment and management strategy)
- Knowledge management consultant in the Applied Research & Technology centre.
- Design and implementation of six-month collaboration and knowledge sharing project
- Advice on improving internal Communities of Practice

Effective Communications and Facilitation Training

September 2007-ongoing

- Development and delivery of practical workshops on improving knowledge sharing and collaboration, communications and facilitation, graphic facilitation, as well as effective participatory meetings.
- Clients include University of British Columbia, BCcampus, Selkirk College, College of the Rockies, Columbia Basin Trust, Alberta Ministry of Agriculture, Canadian Water Network, Teck, Geosoft, as well as professionals from Canada & USA.

Town of Golden

July 2012, January 2013

- Strategic communications strategy and plans for politically sensitive issues such as infrastructure project, changes to taxes/community payments

Slocan Lake Stewardship Society

November 2011-February 2012 & June-November 2012

- Design and management of community values study including advisory committee, comprehensive survey, regional workshop and community wide report for Slocan Lake, British Columbia
- Development of a detailed workplan and funding proposal template for undertaking a community values study to contribute to a future Lake Management Plan

Kootenay Family Place

September-November 2012

- Facilitation of ten agencies exploring co-location of social services in Castlegar, B.C.
- Design / facilitation of six face-to-face meetings as well as coaching for presentation and proposal

Central Kootenay Invasive Plant Committee

April 2012

- Design, planning and facilitation of session titled: Reimagining the Board

BCcampus

June 2012

- Co-design and facilitation of 1-day event on facilitation of meetings for communities of practice practitioners. A video summary is posted here: <http://blip.tv/bccampus/oce-workshop-2012-6237543>

Kootenay Association for Science and Technology

January-February 2012

- Design and facilitation of "Techtopia" a 1-day event for digital media and IT professionals in the Kootenays (using Open Space Technology and graphic facilitation methods)

Engineers Canada

January-November 2011

- Secretariat (including logistics, agenda design, engagement and reporting) for climate change adaptation and mitigation of infrastructure special session at the World Engineers' Convention, September 2011 (Geneva, Switzerland), on behalf of the *World Federation of Engineering Organization Committee on Engineering and the Environment*

Evalnet (South African Evaluation Consultancy)

November 2010, April-November 2011

- Technical assistance and online survey for external evaluation of *African Women in Agricultural Research and Development (AWARD)*
 - Research on development organizations' use of evaluation impact assessments and methods
 - Chapter syntheses for book on Agriculture and Education in Africa
- Kootenay Boundary Community Services Co-operative** November 2011
- Design and facilitation of a strategic planning session for youth
- ThinkBright** March 2011
- Design of interactive planning session for local governments on implementing water conservation in communities
- BC Hydro** November 2010
- Design and facilitation of public meeting for a boat launch on the Arrow Lakes reservoir.
- Columbia Basin Fish and Wildlife Compensation Program (www.fwcp.ca)** October 2010
- Design and facilitation support for a scoping meeting on regional conservation
- District of Saanich & City of Nelson, B.C., Canada** January-October 2010
- Process advisor on development of a climate change adaptation plan for the *District of Saanich, B.C.* (sub-consultant to Stantec).
 - Local facilitator for *City of Nelson's* Sustainability Strategy development (sub-consultant to Stantec).
- Function d'Eva (www.functiondeva.com)** July 2010
- Design of knowledge sharing fair for Columbia Basin Trust 2010 Symposium
- First Nations Environmental Assessment Technical Working Group** February-March 2009
- Participatory design and facilitation of two-day Best Practices Forum (Vancouver, B.C.)
- FORREX (www.forrex.org)** July-November 2007
- Design, delivery and reporting of a Southern Interior (British Columbia, Canada) watershed management needs assessment.
- Circumpolar Biodiversity Monitoring Programme, Environment Canada** April 2007
- Development of overall communications and network strategy for eight arctic countries collaborating to become the leading authority on arctic biodiversity knowledge.
 - Development of newsletter concept and IT/web strategy.
- Knowledge Management & Communications Officer** Geneva, Switzerland
- Forest Programme – International Union for Conservation of Nature (IUCN)** Sept 2003-March 2007
- Designed and implemented first knowledge management and communications strategy
 - Developed and facilitated a system for remote collaboration and built capacity of the network to increase communications, knowledge sharing and learning
 - Fundraising including member of team which secured €16 million grant for rural poverty reduction
 - Comprehensive assessment of policy learning in small grants and design of decision support framework to increase learning from interventions (field work in West Africa and Southeast Asia)
 - Managed strategic communications for the Health, Poverty and Conservation theme at the 3rd IUCN World Conservation Congress in Bangkok (6000 participants) including press events, workshops and production of thematic film
 - Developed, managed and contributed to several IUCN publications including books, two films, CD-ROMs, brochures, posters and websites on the topics of forest conservation and climate change
 - Managing editor for the joint WWF/IUCN Forest newsletter published three times a year with a readership of 20,000 conservation and development professionals
 - Conducted various other tasks: programme planning, project management, building networks, events and workshops, media relations, press releases, publishing, writing, editing, budgeting and reporting
- Member of Canada's Youth Summit Team** Ottawa, Canada
- United Nation's Association - Canada** March 2001-December 2002
- Two-year volunteer commitment to engage and coordinate Canada's youth input into the World Summit on Sustainable Development 2002 (provincial representative Ontario)
 - Contributed to policy documents, position papers, guidebooks and public relations materials

- Organized and facilitated community and provincial level workshops, presentations, consultations
- Created and fostered national youth network on sustainable development
- Worked effectively in a remote team across Canada and Internationally

**Manager: Magazine Circulation, Corporate Social Responsibility, New Business Development
Passion Inc.**

Toronto, Canada
November 2000–September 2002

- Designed, marketed and implemented a new distribution strategy for *jobpostings* magazine, an employment magazine for graduating youth, circulation of over one million across North America
- Author of monthly column on environmental careers in traditional employment sectors
- Creation and implementation of an environmental and social strategy including greening new office space, reducing paper impact, community relations and increasing employee satisfaction
- Project coordinator for new business development which contributed to *Profit Magazine* ranking Passion Inc as the 29th fastest growing company in Canada in 2003

Various Field Postings

Remote Canadian Locations & Developing Countries

NGO, Research, Government based work

1999-2002

- Rural community development and youth volunteer management, Amazon Jungle, Guyana, South America
- Alternative energy assessments and implementation (micro-hydro electricity) in Ecuador and Bolivia
- Data collection and research in Costa Rica and the Canadian High Arctic for GIS and mapping applications on land use cover change and climate change
- Meteorological station set-up and monitoring of mass-balance on Peyto Glacier, Canadian Rockies

Environmental Research Associate

Canmore, Alberta, Canada

Pembina Institute

May-December 1998

- Research and writing for study and publication on wind energy replacing grid energy
- Reviewed and synthesized over fifty case studies on lifecycle value assessments
- Developed and presented educational materials on lifecycle value assessments

Education and Awards

Handling Data: From Logic Model to Final Report (2013)

- Canadian Evaluation Society (CES) 1-day professional development workshop with Gail Barrington

Making Comics Workshop (2013)

- 2-day comic book making workshop with Scott McCloud, <http://scottmcccloud.com/>

Art of Hosting Water Dialogues (2012)

- 3-day participatory facilitation training focused on hosting conversations on water

That Creative Space: An Intermediate Course on Graphic Facilitation (2011-2012)

- Six-month online course with Alphachimp University, USA

Graphic Facilitation, Michelle Laurie Consulting (2010)

- Annual workshop co-host (2011-2013) and participant (2010) of 2-3 day training course in B.C.

The Alchemy of Group Facilitation, Hollyhock Leadership Institute (2008)

- 3-day facilitation training course in Vancouver, B.C.

Accredited Practitioner, Cognitive Edge (2007)

- Cognitive Edge is an open source, global consultancy focused on methods and tools to assist organizations with complex problems and opportunities, www.cognitive-edge.com

Masters of Science, Environment and Development, Graduated with Distinction (2003)

London School of Economics and Political Science (LSE), London, U.K.

- Dissertation: *Participatory Projects: Toward Empowerment and Collective Action?*
- Other research topics: *Institutions, Governance, Political Ecology, Poverty and Natural Resources, Livelihood Security, Environmental Impact and Risk Assessment.*

Young Canadian Leaders for a Sustainable Future (2003)

Canadian Department of Foreign Affairs and International Trade

- Foreign placement: Geneva, Switzerland

Bachelor of Science, Major in Geography, Graduated with Distinction (1999)

University of Victoria, Victoria, B.C.

- A cross-section of courses were taken from both human and physical geography.

National Science and Engineering Research Council (NSERC) (1999)

- Undergraduate Summer Research Award, High Arctic, Canada

Memberships, Committees and Activities

Membership and Volunteer Committees:

- 2013-2015 International Institute for Sustainable Development *Associate*, Impact Network Group
- 2013 Canadian Evaluation Society *Member*
- 2013 International Association of Facilitators *Member*
- 2007- 2013 IUCN Commission on Education and Communication *Member*
- 2012-2013 West Kootenay Friends of Refugees *Organizing Committee*
- 2010-2013 Dining for Women, *Local Chapter and formalizing Canadian DfW* (www.diningforwomen.org)
- 2009 International Day of Climate Action *Organizing Committee* (Rossland, BC)
- 2007-9 *Organizer of Green Drinks Rossland*, monthly environmental and social discussion series
- 2008 Red Mountain Resorts complexity project *consultative group*
- 2007 Sustainability *Task Force* for City of Rossland Sustainability Planning Process

Activities:

- Backcountry ski touring, mountaineering, cycling, yoga and family

Country Work Experience & Languages

Benin, Bolivia, Canada, Costa Rica, Ecuador, Ghana, Guyana, India, Indonesia, Nepal, Philippines, Senegal, Sri Lanka, Switzerland, Thailand, United Kingdom, United States and Vietnam.

Languages: English mother tongue, working ability in French and conversational Spanish
